

The "Biggest Little Paper in Canada" 

DAYTRIPPING

in Southwestern Ontario

We have two great options for advertising your business with maps!

The Ontario Map in our printed Directory includes text listings with your phone number & website

The official Ontario map is always featured in the centre of our first section. It's a 4-page pullout section we like to call our "Daytripper's Directory."

Your listing here includes your business name and phone number as well as your website or social media page.

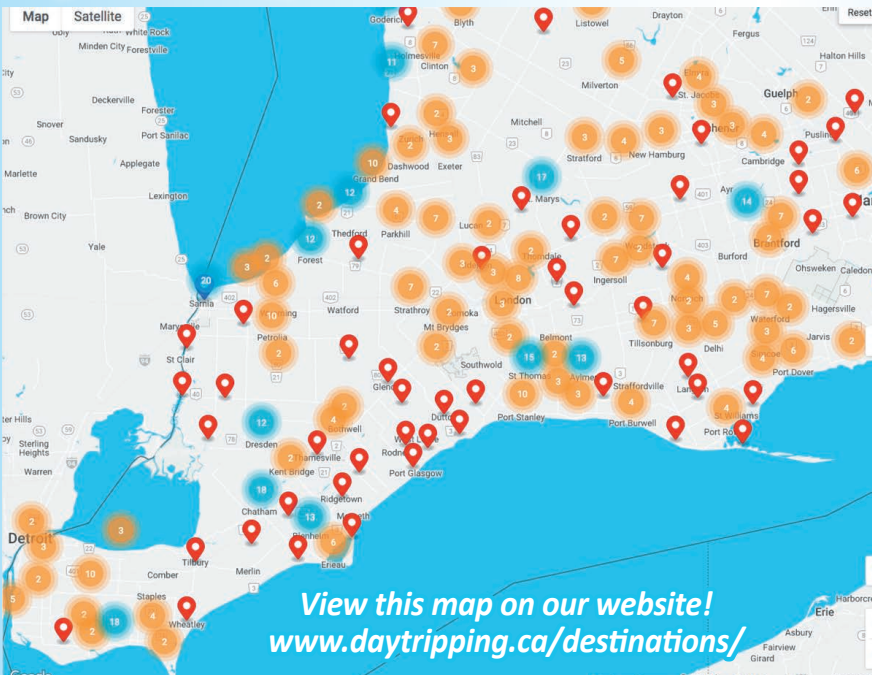

Your annual listing appears in all 3 issues (150,000 copies) and is seen by thousands more in the online edition of the paper.

ONLY \$150/year to be listed on both maps!

(If you have a prepaid display ad package, your listing on both maps is included)

If you are on one map, you're on both!

The Destination Map on our website includes your full address/phone & a link to your website

Our website "Destination Map" lists most of our customers. It is searchable by town and by category and when users zoom in or click your listing, they can see many stops located near you - making it a very useful tool for Daytrippers.

Your listing on this page includes your business name, full address & phone, and a link to your website or social media page.

Every unique shop and destination in Southwestern Ontario should be listed here.
